

CLIENT TESTIMONIAL

We were blessed when Susan Stone and Kristina Supler, Lawyers at McCarthy, Lebit, Crystal & Liffman, came into our lives to save our son. I will never forget the day my son came home on a Thursday evening from college to share, what I can honestly say, has changed our lives forever. As I walked into the house to see him, I immediately knew something was wrong.

When I asked what was wrong he told me he had been accused of rape, but he was innocent. I knew in my heart that he was telling the truth, that he did not do this. As we talked and got through all the emotion, my husband and I knew, we needed to find help. This sort of thing was way out of our wheelhouse so we did not even know where to begin. As you can imagine we did not want to share with anyone, therefore we could not even ask for help. We were alone, scared and helpless. My husband told me he found an organization for boys who have been accused of rape. A lawyer named Susan Stone, who specialized in these types of cases for Title IX, works with this organization.

When I talked to Susan, I felt a little less scared and hopeful that someone was going to help us. She was calm and told us we could meet to talk about what was ahead of us. Since that day, Susan Stone and her partner, Kristina Supler, have been by our side and supported us. Susan worked through the Title IX hearing at the College, which we won. She never gave up and answered all our questions; she and her partner Kristina Supler were always by our side. We thought it was over when we won the college hearing, until a week later we found out that our son was indicted for criminal charges.

This is when Kristina Supler came into the picture as our criminal defense attorney. The nightmare became even bigger and our son was indicted and arrested. Kristina was able to get him out on bond and on his own recognizant. There were pre-trials after pre-trials and we thought it would never end. Kristina and Susan kept fighting and were available 24/7 to talk, support and work on the case.

After a year of worry, trials and tribulations, Kristina and Susan were able to have our son's case dismissed without prejudice.

They were amazing and never gave up on our son or us. We cannot thank them enough for the time, dedication and true caring for our family. Kristina and Susan are not just lawyers, they care about their clients and they take it very personally.

The Law Firm of McCarthy, Lebit, Crystal & Liffman Co., LPA are professionals with the best interest of their clients in mind. We are forever grateful to Kristina and Susan and would highly recommend their services to anyone in need. Without them, I do not know where we would be today.
